---

Improved safety, sustainability, maintaining consistency, new technology and construction methods, and reliability are paramount to the development of building codes during each Triennial and Intervening Code Adoption Cycle. The California Building Standards Code, Title 24, serves as the basis for the design and construction of buildings in California. California's building codes are published in their entirety every three (3) years. Effective January 1, 2019, all permit application will need to be submitted under the following design standards.

- Part 1 - California Administrative Code**
- Part 2 - California Building Code – Volume 1 and 2**
- Part 2.5 - California Residential Code**
- Part 3 - California Electrical Code**
- Part 4 - California Mechanical Code**
- Part 5 - California Plumbing Code**
- Part 6 - California Energy Code**
- Part 8 - California Historical Building Code**
- Part 9 - California Fire Code – with local modifications**
- Part 10 - California Existing Building Code**
- Part 11 - California Green Building Standards Code – with local modifications**
- Part 12 - California Referenced Standards Code (HTML)**
