

SALINAS ALTERNATIVE RECYCLING PROCESS (SARP) APPLICATION REQUIREMENTS

Commercial recycling is mandatory in the City of Salinas (per Section 14-12(a) of the Salinas Municipal Code). To be in compliance, you can either:

1. Contract with Republic Services of Salinas (Republic), the exclusive franchise hauler, for recycling services (**if you need to set up service, call Republic at (831) 751-5443**), or
2. Apply to participate in the Salinas Alternative Recycling Process (SARP). To be eligible for SARP, a business must establish an onsite recycling program that includes activities such as self-hauling, and/or selling or donating source-separated recyclables that are generated at the commercial property, in accordance with Section 14-12(a) of the Salinas Municipal Code (*use of haulers other than Republic must be free of charge*).

Requirements for option 2 include:

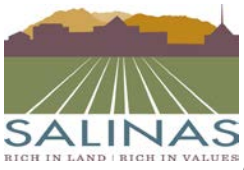

- Complete, sign and date Form 1, *Salinas Alternative Recycling Process (SARP) Application* and submit via email to sarp@svswa.org by mail to Salinas Valley Recycles, 128 Sun St., Suite 101, Salinas, California 93901 or by fax to (831) 755-1322, and
- Schedule a waste assessment with Salinas Valley Recycles (SVR) and Republic **within two-weeks of the SARP request** (contact Salinas Valley Recycles at (831) 775-3007 or sarp@svswa.org to schedule a waste assessment).

Applying for SARP **does not** guarantee eligibility for the program **or** exclude your business from complying with Section 14-12(a) of the Salinas Municipal Code (mandatory commercial recycling).

If approved to participate in SARP (based on waste assessment findings), your business will be required to submit quarterly Waste Reduction and Recycling Reports (Form 2). Form 2, with instructions, will be furnished upon SARP application approval.

NON-COMPLIANCE

If you fail to schedule a waste assessment within two weeks of the initial SARP request or fail to complete, sign, date and submit Form 1, your business may no longer be eligible to participate in SARP (for at least one (1) year) and your recycling service will be modified by Republic to provide an adequate level of service, as determined by the amount of waste generated by your business on a weekly basis.

FORM 1
SALINAS ALTERNATIVE RECYCLING PROCESS (SARP)
APPLICATION

Please print or type; this is an application.

1. Company Name: _____ Date: _____
Contact Phone: _____ E-mail: _____
Site Address: _____ Zip Code: _____
Mailing Address: _____ Zip Code: _____
Current Recycling Program Description:

2. What materials are/will be generated by your business?

- Paper, Cardboard, Plastic 1-7, Plastic Film, Glass, Metals, Textiles, E-waste, Food Waste, Mixed Recyclables, Yard Waste/Landscaping, Other (please specify): _____

3. How do you plan to dispose of the Recyclables that your business generates? (Please check all that apply)

- I will sell/donate Recyclables (use of haulers other than Republic must be free of charge).
I will self-haul/back-haul Recyclables (using the owner's or employee's equipment and/or vehicles).

4. Where do you currently take your Recyclables and/or where do you plan to take your Recyclables?

5. ATTEST: By signing below I am affirming:

- a. I am the business owner/agent responsible for this request to participate in the Salinas Alternative Recycling Process (SARP) and have read Section 14-12(a) of the City Code, https://www.municode.com/library/ca/salinas/codes/code_of_ordinances?nodeId=PTIITHCO_CH14GA_REWE;
b. I understand that SARP is voluntary and applying does not guarantee admittance into the program;
c. I will schedule a waste assessment within two (2) weeks of this request to participate in SARP;
d. I will submit the SARP application (Form 1) and agree to recycle and/or otherwise divert the materials listed above;
e. If approved to participate in SARP, I will submit quarterly Waste Reduction & Recycling Reports;
f. I understand that failure to comply with SARP application requirements may result in the business no longer being eligible to participate in SARP (for at least one (1) year) and recycling service being modified by Republic to provide an adequate level of service, as determined by the current garbage service level.
